RE: Health Home Billing

EFFECTIVE: July 1, 2020

Effective July 1, 2020, Health Home providers will submit claims using code S0280 for Chronic Condition Health Home (CCHH) providers or code 99490 for Integrated Health Home (IHH) providers. These codes must be entered on the first line of the claim along with the appropriate modifier in order to receive a per member per month (PMPM) payment for providing Health Home Services. Providers will document the appropriate procedure informational code(s) on subsequent lines of the claim. This change is being made in an effort to track usage of Health Home services.

The PMPM payment is a reflection of the enhanced coordination service using guidelines that are published by the state in the Health Home State Plan Amendments. Only one PMPM payment can be billed per claim.

S0280 CCHH	
Tier	Modifier

99490 IHH
